**“I will work tirelessly for St Radigunds.
I will be a strong voice fighting to give
St Radigunds a better representation
on Dover Town Council”**

Andy

I am standing to get the voice of the people in St Radigunds heard within Dover Town Council.

As a Town Councillor I will be there to support the local residents of St Radigunds with any concerns.

I have lived in Dover for over 30 years, like many others I have been furloughed due the pandemic and understand the difficulties in front of us as we reopen our shops, businesses and hospitality venues.

I will campaign to bring back into use empty properties in the ward and support the good work of local community groups.

I believe the local streets are there for locals, not for excessive commercial lorries.

Being your councillor would be a privilege and I will campaign for a better Dover for the residents of St Radigunds.
